[A Child Alone with Strangers](#) Jul 01 2020 "Fracassi's novel hits me like a cross between McCammon and '80s King. Might be one of them summer blockbusters readers love." —Laird Barron, author of *Worse Angels* "A Child Alone with Strangers starts out as a slow burn procedural with supernatural elements and inexorably cranks itself into a pulse-pounding symphony of eldritch horrors and all-too-human violence. Philip Fracassi is the best sort of horror writer—one who is unafraid to hunt for light in even the darkest places." —Shaun Hamill, author of *A Cosmology of Monsters* When young Henry Thorne is kidnapped and held prisoner in a remote farmhouse surrounded by miles of forest, he finds himself connecting with a strange force living in the woods—using that bond to wreak havoc against his captors. Unknown to the boy, however, is that this ancient being has its own reasons for wanting the interlopers gone—there is something hidden beneath the house, tucked away in the dark, damp root cellar . . . waiting for its return.

**Praten met vreemden** Jun 12 2021 In 'Praten met vreemden' laat Malcolm Gladwell zien dat het regelmatig misgaat als we geconfronteerd worden met onbekenden. Steeds weer blijkt dat we totaal niet toegerust zijn om vreemden open en onbevooroordeeld tegemoet te treden. We schatten mensen verkeerd in, herkennen leugens vaker niet dan wel, interpreteren gezichtsuitdrukkingen niet goed en blijven hangen in onze eerste indruk. En de conflicten en het onbegrip die daar het gevolg van zijn, hebben een diepgaand effect op onszelf en op de hele maatschappij. 'Praten met vreemden' is een klassieke Gladwell: een intellectueel avontuur waarin de auteur ons meeneemt op een reis langs verwarrende ontmoetingen, ingewikkelde puzzels en fatale misverstanden. Gladwell analyseert waar het misgaat en leert ons zo steeds iets meer over de ander – maar vooral ook over onszelf. Een meeslepende gids voor moeilijke tijden.

**Between Strangers** Aug 22 2019 STRANGER THINGS HAVE HAPPENED... Rescuing a stranded mother and baby from a raging blizzard hadn't been a part of Lance White Eagle Steele's plans. He'd wanted to be home in Montana for Christmas Eve, but he couldn't abandon Marcy Griffin. His plans hadn't included getting snowed in with her, either...or tasting those fiery kisses. She was all wrong for

him, so why did she feel so right in his arms? Marcy wasn't sure what to think of Lance, except that he was generous, charming and absolutely mouthwateringly sexy. And entirely off-limits—she didn't need another man controlling her life. Her heart and body had other ideas, however. Could this spark of passion between strangers ignite into something much more?

**Trust Among Strangers** Sep 15 2021 In the late eighteenth and early nineteenth centuries, the internal migration of a growing population transformed Britain into a 'society of strangers'. The coming and going of so many people wreaked havoc on the institutions through which Britons had previously addressed questions of collective responsibility. Poor relief, charity briefs, box clubs, and the like relied on personal knowledge of reputations for their effectiveness and struggled to accommodate the increasing number of unknown migrants. *Trust Among Strangers* re-centers problems of trust in the making of modern Britain and examines the ways in which upper class reformers and working class laborers fashioned and refashioned the concept and practice of friendly society to make promises of collective responsibility effective - even among strangers. The result is a profoundly new account of how Britons navigated their way into the modern world.

**I Won't Go With Strangers** Aug 26 2022 With humor and thoughtfulness, this helpful book helps parents explain children the dangers posed by strangers. Lu won't go with just anyone! She is waiting to be picked up after school. She stands on the sidewalk, all alone, and it starts to rain. Ms. Smith walks by, and offers to take her home. Ms. Smith lives in Lu's neighborhood—but does Lu really know her? Lu asks herself, what's her first name? Does she dye her hair red? What's her dog's name? And she says, "I don't know you, so I won't go with you! And besides, Mama said I should wait." As other adults—all of whom Lu has met in some capacity before—offer to take her home, Lu continues to consider if she really knows them. One by one, she refuses to go with them. Until, finally, the person Mama said she should go home with shows up—though his appearance is a surprise to the reader! This sensitively narrated story illustrates how clear rules and arrangements can help protect and empower children during an especially vulnerable time of day. The ending includes a prompt for readers to create their own similar "safe" list, and a list of resources for parents. "Addresses a vital topic in a humorous and nonthreatening way and gives readers a way to respond politely but firmly to even well-meaning adults." —Kirkus Reviews

**Dancing with Strangers** Jan 07 2021 In January 1788 the First Fleet arrived in New South Wales and a thousand British men and women, some of them convicts and some of them free, encountered the people who would be their new neighbours—the beach nomads of Australia. 'These people mixed with ours,' wrote a British observer soon after landfall, 'and all hands danced together.' What followed would shape relations between the peoples for the next two centuries.

**What's Your Story?** Jun 19 2019 Everyone has a story to share. What's yours? In 2009, Brandon Doman, who has always been curious about the people with whom we share our world, sat at a local coffeehouse and decided to ask passersby a simple question: "What's your story?" Providing only paper and pens, Doman created an exploratory space that instantly intrigued people to share their stories anonymously. Now, more than 10,000 stories later, the Strangers Project has become a momentous movement, engaging strangers of all ages and backgrounds to reflect, rejoice, heal, and connect through words. Published here for the first time, *What's Your Story?* showcases a selection of two hundred stories from the Strangers Project. Equal parts heartbreaking and humorous, this moving compendium lays bare our universal truths, desires, and sufferings, and illustrates the emotional power of storytelling and our shared humanity. To complete this beautiful collage of stories, a blank page is included at the end for readers to add their own personal story. With more than fifty color photographs and illustrations

**Sex with Strangers** Mar 09 2021 A fiercely honest exploration of the risks and rewards of contemporary relationships--and hookups--*Sex with Strangers* embraces the dizzying power of attraction across the spectrum of passion and infatuation. In this fearless collection, lust and loneliness drive a diverse cast of queer and straight characters into sometimes precarious entanglements. Recognizing that any partner is unknowable on some level, Michael Lowenthal writes about how intimacy can make strangers of us all. A newly ordained priest struggles with guilt and longing when he runs into his ex-girlfriend. A woman weighs the cost of protecting her daughter from a man they both adore. A teenage busboy has a jolting brush with a famous musician. A young man tries to salvage a long-distance relationship while caring for his mentor, an erotic writer dying of AIDS. In edgy, disquieting stories, Lowenthal traces the paths that attraction and erotic encounters take, baffling and rueful as often as electrifying. This fraught and funny volume forces us to grapple with our own subconscious desires and question how well we can ever really know ourselves.

**Battleborn** Nov 24 2019 In elk van de tien onvergetelijke verhalen in *Battleborn* maakt schrijfster Claire Vaye Watkins zich de mythologie van het Amerikaanse Westen eigen en schrijft daar nieuwe varianten op. In de uitgestrekte woestijnvlakten van Nevada vinden haar

personages verlossing ondanks maar even vaak dankzij het geweld en de ontberingen die ze daar moeten doorstaan. Dit zijn nog maar drie van de tien verhalen waarin Watkins in de vermomming van haar personages haar eigen verleden te lijf gaat.

*Thrown Among Strangers* Apr 22 2022 Every California schoolchild's first interaction with history begins with the missions and Indians. It is the pastoralist image, of course, and it is a lasting one. Children in elementary school hear how Father Serra and the priests brought civilization to the groveling, lizard- and acorn-eating Indians of such communities as Yang-na, now Los Angeles. So edified by history, many of those children drag their parents to as many missions as they can. Then there is the other side of the missions, one that a mural decorating a savings and loan office in the San Fernando Valley first showed to me as a child. On it a kindly priest holds a large cross over a kneeling Indian. For some reason, though, the padre apparently aims not to bless the Indian but rather to bludgeon him with the emblem of Christianity. This portrait, too, clings to the memory, capturing the critical view of the missionization of California's indigenous inhabitants. I carried the two childhood images with me both when I went to libraries as I researched the missions and when I revisited several missions thirty years after those family trips. In this work I proceed neither to debunk nor to reconcile these contrary notions of the missions and Indians but to present a new and, I hope, deeper understanding of the complex interaction of the two antithetical cultures.

[Contented Among Strangers](#) Jan 19 2022 German-Americans make up one of the largest ethnic groups in the United States, yet their very success at assimilating has also made them one of the least visible. What were their experiences? What cultural baggage did they bring with them, and how did it affect their lives in America? How did the German-speaking immigrants differ among themselves, and how did these differences influence their behavior and reactions? Contented among Strangers attempts to answer these questions by examining the central role German-speaking women played in preserving their ethnic and cultural identity in rural areas of the Midwest. Even while living far from their original homelands, these women applied traditional European patterns of rural family life and values to their new homes in Illinois, Iowa, Kansas, Missouri, and Nebraska. As a result they were often more content with their modest lives than were their Anglo-American counterparts. Through personal recollections - including interesting diary accounts translated by the author, church and community documents, and migration and census data - Pickle reveals the diversity and richness of the women's experiences.

[Het liefdesleven van Nathaniel P.](#) Oct 24 2019 Nate Piven heeft het voor het uitkiezen. Na zijn eerste boekcontract komt het werk vanzelf op hem af, en ook de vrouwen. Juliet, de flitsende journaliste; Elisa, zijn extreem knappe ex, maar nu gewone vriendin; en Hannah, 'algemeen beschouwd als lief en slim of slim en lief', die zich met humor staande weet te houden in het spitse woordspel van zijn vrienden. Adelle Waldman weet Nates visie op vrouwen genadeloos en bijna letterlijk bloot te leggen. Hoe hij steeds weer meent niet oppervlakkig, niet laf en niet stereotiep te zijn maar juist aandacht en geduld te hebben. Weergaloos spel met de liefde rond de vraag: waar kiest hij voor? Of beter: voor wie? Persrecensies 'Een goed voorbeeld van de opkomende Brooklyn novel: witty Bildungsromans van hipsters uit de tofste

buurt van NY.' Vogue 'Soms wil je Nate gewoon een klap verkopen. Of zoals 'Girls'-Lena Dunham schreef: "Nate is zo real dat je er lesbisch van zou worden." En hij meent het niet eens slecht, da's nog het ergste. Leuke roman, de mannenversie van 'Girls'.' Glamour 'In deze roman heeft Waldman iets gedaan wat tot nog toe onmogelijk was: doordringen tot in het diepste wezen van de vrouw van nu door middel van de grillige monologue interieur van een man [] Haar hoofdpersoon bedoelt het goed, wat misschien nog wel het meest ontvullende is. Nate komt griezelig echt over. Wees gewaarschuwd: van dit boek moet je lachen en je krijgt koude rillingen van herkenning.' Lena Dunham (Girls) 'Uniek en wonderbaarlijk: een roman die poogt onze ziel te verrijken. Verpakt in uitermate elegant en vermakelijk proza voert Waldman een moreel project uit: ze streeft ernaar onze sympathie te vergroten en onze schaamte aan te spreken zodat we een betere versie van onszelf worden.' Alain de Botton 'Razend slim.' Jonathan Franzen

**Singing Among Strangers** Feb 08 2021 This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1917 edition. Excerpt: ... (6) Columns for Discount on Purchases and Discount on Notes on the same side of the Cash Book; (c) Columns for Discount on Sales and Cash Sales on the debit side of the Cash Book; (d) Departmental columns in the Sales Book and in the Purchase Book. Controlling Accounts.--The addition of special columns in books of original entry makes possible the keeping of Controlling Accounts. The most common examples of such accounts are Accounts Receivable account and Accounts Payable account. These summary accounts, respectively, displace individual customers' and creditors' accounts in the Ledger. The customers' accounts are then segregated in another book called the Sales Ledger or Customers' Ledger, while the creditors' accounts are kept in the Purchase or Creditors' Ledger. The original Ledger, now much reduced in size, is called the General Ledger. The Trial Balance now refers to the accounts in the General Ledger. It is evident that the task of taking a Trial Balance is greatly simplified because so many fewer accounts are involved. A Schedule of Accounts Receivable is then prepared, consisting of the balances found in the Sales Ledger, and its total must agree with the balance of the Accounts Receivable account shown in the Trial Balance. A similar Schedule of Accounts Payable, made up of all the balances in the Purchase Ledger, is prepared, and it must agree with the balance of the Accounts Payable account of the General Ledger." The Balance Sheet.--In the more elementary part of the text, the student learned how to prepare a Statement of Assets and Liabilities for the purpose of disclosing the net capital of an enterprise. In the present chapter he was shown how to prepare a similar statement, the Balance Sheet. For all practical...

**Socrates among Strangers** Aug 02 2020 In Socrates among Strangers, Joseph P. Lawrence reclaims the enigmatic sage from those who have seen him either as a prophet of science, seeking the security of knowledge, or as a wily actor who shed light on the dangerous world of politics while maintaining a prudent distance from it. The Socrates Lawrence seeks is the imprudent one, the man who knew how to die. The institutionalization of philosophy in the modern world has come at the cost of its most vital concern: the achievement of life wisdom. Those who have ceased to grow (those who think they know) close their ears to the wisdom of strangers—and Socrates, who stood face to face with death, is the archetypal stranger. His avowal of ignorance, Lawrence suggests, is more needed than ever in an age defined by technical mastery and expert knowledge.

**Talking to Strangers** Oct 04 2020 Malcolm Gladwell, host of the podcast Revisionist History and #1 bestselling author of The Tipping Point, Blink, Outliers, David and Goliath, and What the Dog Saw, offers a powerful examination of our interactions with strangers—and why they often go wrong. How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to each other that isn't true? Talking to Strangers is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller, David and Goliath, Malcolm Gladwell has written a gripping guidebook for troubled times.
